

This is a demo to
show how the program works

1. Can file2quiz manage multiple-choice questions with weird formats?

a. Yes! That's its purpose!

B) no, it can't

c --- -1 negative number...

D- who knows????

2) Can file2quiz deal with
broken lines in
2020?

a. Maybe...

b)) Yes, but

the format "[letter] [symbol] [sentence]"

is required

c --- No, that's impossible

d]] Yes, but only for text files

3.1- Can we exclude certain words or patterns?

3a - Still in progress

3.2b) You wish...

3.3c . No, but that would be awesome!

3.4d.-Yes, like: "WORD1TODELETE" or "pattern1", "pattern123"

===

Solutions:

(1. A)

2 - b 3.1: d
